**Indicates gift for Sam Maltese Scholarship.*

The SAM MALTESE SCHOLARSHIP FUND was created by Andy Fish, GIA alum, in memory of his friend, Sam, a fellow alum and RA. You can contribute by noting the Maltese Fund on your donation. The Fund has made it possible for many talented students to participate in GIA.

All our donors deserve to be recognized. We apologize if we have not done so.

THE PAYBACK!

“Imagine your favorite things you like to do. Now imagine spending time with two hundred people who like to do just that. That’s what GIA was like for me. I met some of the most amazing people. Most of them are friends that I hope to keep in touch with forever.”
 Arts Student

“I learned so much from history to different foods to trying Asian arts. This has really ignited my interest and excitement for our trip to China next summer.”
 Asian Studies student

“I have lived in Vermont all my life, and though I registered what a stunning place Vermont is, I don’t think I really appreciated it. Mixing for two weeks with Vermont’s best and brightest helped me gain that appreciation. I will never look at a mountain or a ski trail or even a farm the same way again.”
 Current Issues student

‘I felt accomplished in the sense that here is a 15-year-old girl from Mt. Holly, which is a town most people haven’t heard of. At the start of her journey she had no knowledge of engineering, but by the end had learned how to solder, wire, and build a robot with a little bit of teamwork.’
 Engineering student

‘I think GIV IT was a great opportunity for me socially, as well as being able to try out many different classes that my high school does not offer. I got to meet and really get to know a great group of kids who share some of the same interests as me.’
 Info Tech student

“The week I spent at the Math Institute definitely gave me a sense of how interested I would be to study various fields related to math for the rest of my life.”

ALUMNI NEWS

Lynne Booth, Asian Cultures 2000 and Asian Cultures China, 2001, has moved on to a program of international studies including China at Lewis and Clark in Portland, OR.

Finnegan Calabro, Engineering, 1997 is halfway through his Ph.D work at Boston University in Biomedical Engineering, specializing in Brain and Vision Research.

Molly Christie, Arts, 1990 is currently living in San Francisco dancing with a Cuban Folklore, a Cuban Cabaret, and a Brazilian Dance Company, while teaching dance and Pilates. She is proud to report that after 17 years of study, Ms. Katherine Dunham certified her as an official teacher of her technique.

Charity Clark, Arts, 1991 current GIV Trustee, graduated from Boston College Law School and is now employed at Downs, Rachlin & Martin in Burlington.

Andy Cunningham, Current Issues 2003, is in his second year at Duke.

Sarah DeGray, Current Issues 2001, is now a junior at Hobart and William Smith College. She is a political science and international relations major and has traveled to Tokyo, Japan through her university. She is attending the University of Maastricht, in the Netherlands, this fall.

Noah Dimmick, Science & Technology 1998. "I am currently a first-year student at the University of Vermont College of Medicine, pursuing my M.D. as a member of the class of 2008. I graduated from the University of Virginia in 2003 with a B.A. in Biology, and took a year from school. I volunteered part-time as an EMT for my hometown rescue squad, Essex Rescue. I had an amazing time at GIV and still remember all the wonderful people I met and interacted with. It was one of the best experiences I had during my summers in school. To all the staff, keep up the good work."

Ian Doyle, Engineering, Math & Computer Science, 2003-04 attended Clarkson University in 2004-2005 in lieu of his senior year of high school, and is transferring to Northeastern University in Boston in the fall of 2005.
